NEWS LETTER CLASS- LKG December 2021

Dear Parents & Guardians,

Greetings to you all from DPS Firozabad

“The goal of early childhood education should be to activate the child’s own natural desire to learn “ – Maria Montessori

“To appreciate the beauty of a snowflake it is necessary to stand out in the cold.” – Aristotle.

There's a saying that goes, 'No two snowflakes are the same'. As snowflakes fall to the ground, they will each take their own unique journey, and

that journey will determine what they look like. Our children are just like snowflakes, each one is different from the other but each one requires love & affection. all the Parents, students and the school authorities work as team and always complement each other’s efforts to help our little snowflakes in the path of life. We focus on building relationships so that we can help them to grow. everyone should know that we are there to support them & we believe that teachers are

now facilitators of learning and students having more control over their own learning journey. ... Classrooms are now focusing on a combination of student engagement in learning, enquiry-based approaches, curiosity, imagination and design thinking .we are concern about nurturing an environment where students can create an consideration of moral and ethical values to guide one’s life in a right path. children must be given a good training from their earliest childhood and we are here for the same. We are sure that our students of today, tomorrow will carry forward the Motto of love and unity entrusted in their hands with Dps Firozabad.

Regards

The Ant and the Grasshopper

In a field one summer's day a Grasshopper was hopping about, chirping and singing to its heart's content. An Ant passed by, bearing along with great effort an ear of corn he was taking to the nest. "Why not come and chat with me," said the Grasshopper, "instead of toiling and moiling away?" "I am helping to lay up food for the winter," said the Ant, "and recommend you to do the same." "Why bother about winter?" said the Grasshopper; "we have got plenty of food at present.

But the Ant went on its way and continued its toil. When the winter came the Grasshopper found itself dying of hunger, while it saw the ants distributing, every day, corn and grain from the stores they had collected in the summer.

Then the Grasshopper knew...

MEAL PLAN-

Eat healthy, feel healthy & keep yourself healthy

Crunch & Sip is a set time in preprimary & primary wings for students to 'refuel' on vegetables, salad and fruit and 'rehydrate' with water. Students who are not hungry and are well hydrated perform better in the classroom, show increased concentration, and are less likely to be irritable and disruptive.
